6. **Declarations of Conflict of Interest**

7. **Operational Matters and Reports**

- SAO Report -Mr. Hussey
  - July 14, 2026 -Attended the regular Council Meeting
  - July 30, 2026-Purchase of Cargo Van for Food Bank Society was completed. The supplier will be making arrangements for it to be shipped. Should be expected to arrive on the next sealift or the one after.
  - July 31, 2026 -Advertisement closed for position of a one-year term for water clerk. Hamlet had 27 applicants. Screening and interviews were conducted,

and a job offer was made and accepted by one of the applicants. She started work on August 5, 2026.

- August 5, 2026 -Attended special council meeting.
- August 6, 2026 -Face to face meeting with representatives from EPLS to discuss various projects in the community and information on some projects that they are looking to do in the next few years.
- August 10 to 14, 2026 -Finance department staff will be calculating the retro to be paid to the unionized employees.

Other Items:

- Follow-up on a councillor's request from the previous meeting to obtain statistical information from the Head Nurse. Since the last meeting, he has visited the health centre three times; however, the Head Nurse was on vacation for most of those visits.
- He returned to the health centre on Monday and spoke with the Head Nurse, who advised that she would need to consult with her supervisors to determine what information she is able to share. He will follow up on the request in one week.

- Councillor, Mrs. Gibbons
  - Asked if there will be new stop signs installed at new roads and intersections.

- SAO, Mr. Hussey
  - Says there will be new stop signs installed at the new intersections.

- Discussion with mayor, council and staff on new stop signs, newly installed stop signs with lights and school zone signs.

- ASAO, Mrs. Tattuinee
  - Update on class 3 airbrakes training. Says Melodie applied for funding from the KIA and was approved. Says the tentative dates for training will be from September 16 to October 4. Says Melodie also submitted a proposal for class 1 driver training in which they are waiting for an update on the request.
  - Says the EDO put in a request from the Nunavut mine training fund to host a pre-employment program with no dates set yet.
  - Update on summer camp and summer students, says the summer camp will wrap up on August 19 with the final day for summer students on August 21st.
  - Upcoming programs at the recreation department:

        - Traditional drum making in September
        - Miniature qamutik making.
    - Says the director of community development was approved for funding and will be distributing traditional food boxes for the elders which will be given in October.
    - Update on community freezer repairs, says there are metal cages that will need to be repaired. Says they will be repaired once the supplies have arrived.
    - Update on the sale of the old ADC building. Says the funds that were acquired and were requested to be use for the resource centre, recreation and drop in by the council members, says the funds were used to order new signs, sighting for the resource centre along with new tables and chairs.
    - Update on Arviat Fund chase the ace. Says the ace was found last week and requested input from the councillors on whether it should continue or to delay the start of a new chase the ace.

- Discussion with mayor and council on the continuation of the chase the ace.

    - Says the Training and employment coordinator and the director of community development are planning a family fun day for the community which will be happening sometime in September.
    - Says the weight room will be opening on Friday August 14, 2026.

- Update on Capital projects- Mr. Collier
    - Update on phase 3 of the John Ollie Complex/Community Hall Foundation repairs

- Councillor, Mr. Price
    - Asked if there is sufficient funding to complete the project without financial deficit regarding cost overruns and extended timeline.

- Project Manager, Mr. Collier
    - Says that significant funding has been dedicated to the community hall repairs through the Community Capacity Building Fund (CCBF), which he will discuss further in his report.

- Update on New hamlet Garage -Municipal Parking Garage Program.

- Mayor, Mr. Savikataaq Jr.
    - Says he recalls that part of the parking garage is currently subject to a requirement for a lavatory. He asked whether it would be possible to omit the lavatory from the parking garage to save space and reduce costs.

- Project Manager, Mr. Collier

- Says under the Canada Building Code, a lavatory is required. Says they reached out to the Chief building inspector of Nunavut to request an exemption, given the type of building, but were advised that an exemption is not possible. Accutech is therefore designing the lavatories to be as small as possible, as the building will be used solely as a parking garage.

- SAO, Mr. Hussey
    - Says the funds for the culverts are running low, requested that Mr. Collier find additional funds for next year's new subdivisions. Says will work with Mr. Kablutsiak and Northern Futures on the numbers for Mr. Collier to work with.

- Discussion with Mr. Collier, mayor and council on Canada Community Building fund/Community Hall repairs.

- Mr. Hussey,
    - Says the insurance appraiser recently came to assess the hamlet buildings and indicated that they are in good shape, except for the Drop-In centre. The appraiser noted that the building is beginning to sink, which is causing the structure to shift, and recommended that it be repaired.
    - Says after discussions with Mayor, Council and representatives from Northern Futures, concerns were raised about the age and overall condition of the building, particularly the heating, plumbing, and electrical systems. Says given that the population is expected to grow over the next 20 years, with many young people in the community, asked if it would make more sense to consider expanding the existing building or constructing a new facility rather than investing in major repairs to the current building.

- Mayor, Savikataaq Jr.
    - Says as funding is being allocated toward a new garage, is there a possibility of using the other funds that the hamlet receives annually toward other areas.

- Mr. Collier
    - Says it may be possible to do that. He suggests that, if they want to add repairs, expansions, or a new drop-in centre to the list, he can include a token amount for now. For the 2027–2028 fiscal year, they can then add a fixed amount once they have a better idea of the anticipated costs.

- Mayor, Savikataaq Jr.
    - Says that once the community hall repairs are completed, he believes the arena was going be the next priority. Says he would prefer to see funds directed toward installing new artificial ice at the arena, noting that the new garage is already fully funded by the Government of Nunavut, while no funding has been allocated for new artificial ice.

- Discussion with mayor and councillors on new 5 bay- garage funds and artificial ice funds for the arena.

Motion #147/26
Moved by: Councillor, Mr. Caskey
Seconded by: Councillor, Mr. Price
Be it resolved that the Hamlet Council approves amendments to the Community Capacity Building Fund as presented and dated 6th of August 2026, with the additional change to reallocate funds from the Two New 5-Bay garages towards the development of new artificial ice at the king arena.

-Carried-

- Finance Director, Mr. McCrudden
    - Summary on Management letter prepared by the auditors.

- SAO, Mr. Hussey
    - Information and presentation of the proposed Inventory Manager role, responsible for overseeing inventory control, and maintaining accurate inventory records.

Be it resolved that the Hamlet Council approves to accept the management letter prepared by the auditors.

-Carried-

Break at 7:15PM resumed at 7:27PM

8. Mayor's Comments, Councillor Members Topics & Concerns

- Councillor, Mr. Caskey
    - Says the DPW building next to the power plant has been abandoned for a while now and has broken windows and doors. Suggested to request to have it demolished to avoid any accidents as there have been fires stared in abandoned buildings in the past.
    - Speaking on previous discussion on the drop-in centre, suggested building a new drop-in centre at a new location away from other buildings to avoid noise disturbances, as many youths enjoy attending the current drop-in centre. Proposed location he is suggesting is the land where the two greenhouses were previously located, next to the ballpark.
    - Says he is impressed with the heavy equipment operators with all the work they've done during the summer. Says he is more impressed with the new grater with the wheels on the back to compact the road while it's grating the roads.

- Councillor, Mr. Price
    - Says he would like to bring up the CAR's position at the airport. Suggested to check with the Government of Nunavut on what the long-term plan is. Says Arviat has the capability to host a course with all the young people in Arviat. Suggested to request to open a part-time CAR's operator to help the sole CAR's operator at the Airport.
    - Asked if there is a requirement of a damage deposit for new water and sewage accounts.
    - Says he appreciates the public works department on their work on the new roads that were being constructed. Also thanked the heavy equipment operators on keeping the roads smooth after heavy rainfall.

Motion #149/26
Moved by: Councillor, Mr. Price
Seconded by: Councillor, Mrs. Gibbons
Be it resolved that the Hamlet Council approves the drafting of a letter to the Department of Transportation and Infrastructure requesting that a CAR's Operator Course be hosted in Arviat, providing individuals with the opportunity to obtain the necessary training and increasing the number of qualified CAR operators be available at the Arviat Airport.

-Carried-

- Mayor, Savikataaq Jr.
    - Confirmed there is a requirement to pay a deposit for new water and sewage clients.

- Councillor, Mrs. Aulatjut
    - No comments at this time.

- Councillor, Mrs. Gibbons
    - Says she requested to look into a new daycare in Arviat a few months ago and asked if there are any updates.
    - Says there are parents who are thankful for hiring summer students.
    - Says with the new weight room opening, asked if there is anyone who will be able to assist if any injuries happen at the weight room and if there are any rules to have children accompanied by adults at the indoor playground.

- SAO, Mr. Hussey
    - Says there are currently no updates regarding a new daycare facility in Arviat.

- ASAO, Mrs. Tattuinee
    - Confirmed that there is a waiver that will be available for members joining the weight room.

- SAO, Mr. Hussey
    - Commended Forman Mr. Kablutsiak for all his hard work with all the projects that he has done this past year and in the last year. Says he is doing an excellent job with completing the projects including the sealift marshaling construction, new subdivision development and new road constructions. Says he adds a lot of value in the area he works in.

- Discussion with SAO, mayor and council on the council indemnity by-law.
