    - September 15, 2026 -Meeting with sealift consultant at Rankin Inlet airport while returning to Arviat. Says he recommended to add a layer of fine gravel on the top to cover the large rocks that are visible. He also recommended to re rout the drainage in the sealift area to stop the flow going into residential properties.
        - Meeting with Mr. Bruce at Rankin Airport regarding the old community freezer.
        - Meeting with Mr. Netser Mayor of Coral Harbour at the Rankin Inlet Airport.
        - Meeting with Chinedu Ibegbulem, Training and Infrastructure regarding the fire hall and the solid waste management.
    - September 16, 2026 Meeting with Chinedu Ibegbulem at the Hamlet office to discuss the new Fire Hall project and solid waste management.
    - September 21, 2026-Zoom meeting with representatives from Northern Futures Planning. Mayor and ASAO also attended.
- October 19 to October 22 -Two consultants from Northern Futures will be in the Hamlet office for Capital Planning review and update.

- Discussion with mayor and council on the new road connecting 6th street to 10th avenue.

- Discussion with SAO, mayor and council on Arviat fund casual staff wages.

- ASAO Report -Mrs. Tattuinee
    - Update on Halloween event planning.
    - Update no Halloween Bingo event.

8. Mayor's Comments, Councillor Members Topics & Concerns

- Deputy Mayor, Mr. Kidlapik
  - Says the road on 9th and 7th street has a very sharp turn, he is wondering if it would be possible to add gravel to the intersection.

- Councillor, Mr. Caskey
  - Says it is nice to see that the marshaling area is a very big area. Says there was a culvert installed in that area and has created a big bump. Suggested to have it leveled out to make it more utilized. Also to inform the ships that the area is for the unloading of cargo off the ships. Says it is nice to see a large area for the ships to unload the cargo as they will now have more room to work with.

- Councillor, Mr. Price
  - Says there have been many questions regarding the new University and an update on the plans moving forward. Says he has been asked when the lot will be prepared for construction and when the supplies will be arriving also says he was asked when the hiring of construction workers will begin.
  - Says he would like to look into the possibility of inviting cruise ships to come to Arviat to support the local economy. Says maybe Arviat can partner with other Kivalliq Communities.

- Mayor, Savikataaq Jr.
  - Says they have been pushing NTI to get started with the preparation of the lot and the signing of the lease. Says he was informed that the board of directors were on their summer break and were unable to decide. Says the engineers and consultants will be working with the Forman and SAO to prepare the lot for construction.

- Councillor, Mrs. Hannak
  - Says she would like to see a railing installed on the 5th bridge in the future, suggested that it be a project for the next summer.
  - Asked if there are any plans to construct a proper dock at the shoreline.
  - Suggested to smooth out the maguse road as it is very rough.
  - Suggested investigating graves that are becoming exposed due to erosion and other environmental factors. Says there are several graves that need to be looked into.

- Councillor, Mrs. Gibbons
    - Says there is a shed close to the intersection on 4th street and 8th avenue that is creating a blind spot for drivers. Suggested to inform the tenants or the Arviat Housing Association to have the shed removed or moved to avoid any accidents from happening in the area.
    - Says there are a lot of garbage passed the end of the old airstrip where there are cabins. Suggested to inform cabin owners to clean up the area as there are trash and old skidoo's accumulating.
    - Suggested that the Hamlet staff join the Terry fox run next year.

- Mayor, Savikataaq Jr.
    - Says the lands administrator has been working with the Arviat Housing Association to inform tenants that there is a policy in place stating no sheds are to be built next to the 10-plex apartment units. Requested the SAO remind the lands administrator to work in informing tenants. Says he agrees that this is causing an obstruction and that there is a playground nearby that raises safety concerns due to the shed causing a blind spot for drivers.
    - Suggested the SAO inform the cabin owner to clear up any debris in their areas and that the public works department can pick up any large items to bring to the local landfill.

- Councillor, Mr. Curley
    - Says he was approached and asked whether there may be an opportunity to construct a road to Wolf Creek if funding becomes available in the future. The area is currently very muddy, causing damage to ATV bearings. He says a road would benefit hunters travelling in that direction.
    - Says he got a text from the department of Family services requesting banking information. Says he will not be providing any banking information as these are private information.
    - Says the water level at mikilaaq lake is going down and wondered if it is due to the gravel excavation happening nearby. Asked if the mikilaaq lake is a historical site.

- Mayor, Savikataaq Jr.
    - Says income Support staff are not permitted to request clients' online banking passwords. However, clients are required to provide their bank statements by signing into their online banking account and accessing the necessary documents. This information is required to receive income assistance and is used to verify that clients meet the applicable income threshold for the month in which they are receiving assistance.
    - Says the water levels are lowering in a lot of lakes around the community, possibly due to the changes in weather.

- Councillor, Mr. Caskey
    - Says there is also a blind spot on the intersection on 3rd and 5th avenue where a sea can is causing the blind spot on the busy road. Suggested to inform the landlord of the sea can as the road on 3rd avenue is a very busy road as it goes from one end of town to the other end.

- Mayor, Savikataaq Jr.
    - Informed the SAO to add the blind spot at 3rd and 5th Avenue to the list to notify residents/landlords to relocate the sea cans for safety purposes.

- Councillor, Mrs. Gibbons
    - Says the new road leading to the sea lift area that crosses the road to the graveyard, is blocked by a pile of gravel and wondered if the road is still being worked on. Suggested to close the road to avoid confusion.

- Mayor, Savikataaq Jr.
    - Says the road is still under construction and that the university lot is located on the east side of the road, where lot preparation is still underway. Says there was an error during the planning and construction of the road and university lots, resulting in the road and lots being misaligned. Says there are plans to correct these issues, which will address the current condition of the roads and lots in the area.

- Discussion with mayor and council on tank farm pipeline.

Motion #172/26
Moved by: Councillor, Mr. Caskey
Seconded by: Deputy Mayor, Mr. Kidlapik
