1. Call To Order.

Mayor Leonard called the meeting to order at 7:02 P.M.

2. Opening Prayer.

Councillor Aglukark Sr. led the opening prayer.

3. Review & Approval of Agenda.

Motion #131/2009

Moved by: Councillor Savikataaq Sr. **Seconded by**: Councillor Price

Be It Resolved that the agenda for the Tuesday, June 9, 2009 council meeting be approved with the addition of the RCMP under delegates.

-Carried-

4. Delegates.

Brian Duguay – C&GS

-Update on the new municipal waste site. He noted that the local HTO sent a letter expressing their concerns of the new site.

Councillor Caskey- there has not been updates since last fall. We have been waiting for an update or when the public meeting will be held. There are a lot of people concerned about the new site The Hamlet Council approved the new site location based on the recommendation from Nunaburnside in October 2008.

Councillor Aglukark Sr.

-mentioned that this is one of the main and biggest issue for the people. It is a health issue, the present site is also a health issue, the new site is an issue and people are not happy with the recommended site. The water flow from the new site would go to the community.

Mayor Leonard

-comments that they should note the length of time it takes to get to the new site

Brian Duguay

- -apologizes for not updating the Hamlet or the Council
- -last fall the Council approved the new site location so the consultation and planning went ahead.
- -a letter was received from the HTO-one of the concerns is the drinking water, he responded that this will not be affected by the new site
- -the concern of the length of time, that is up to C&GS for the expenses
- -suggested that we come up with a new solution or pick a different site at this meeting
- -there were also discussions on extending the current municipal waste site or an alternate site
- -this project is funded by the federal government and if we don't use the funding it will have to be returned and start the process again if the Council wishes to do it this way

Deputy Mayor Copland asked if there is a deadline for this project. Brian Duguay replied that we have to look at the length of time it would take for the tender to be processed and the sealift schedule. Councillor Caskey asked if there was approval from the water board. Brian replied that it has not been approved yet as we need to agree on the site. Once we agree on the site then NIRB would do the public consultations. Councillor Savikataaq Sr. Said this new site location was already approved in October 2008 by the Council. Mayor Leonard said there should be a public meeting to hear the concerns from the community. Brain Duguay said that the NIRB would set up the meeting. Mayor Leonard asked how much time is left at the current site. SAO Johnston replied probably about two years. Question was asked about the water licence, it could take up to sixty days. Councillor Price said during the elections this was brought up by the people. The community is concerned about the drinking water, hunting grounds and they do not want it there. Brian Duguay-these are indeed valid

concerns but we need to come up with a solution. Councillor Savikataaq Sr. Said if we leave it up to the community, we will never agree on a new site. Brian Duguay – Arviat is not the only community with this problem it is across Nunavut. Deputy Mayor Copland suggested that we extend the current site and move the runway. Councillor Caskey-locations are limited; there will be same issues and concerns no matter where we pick a site. We should leave it and let NIRB do their consultations. Brian Duguay – there was another site reviewed but it would have problems with the direction of the wind, its parallel to the runway, and problems for the birds. So it was decided to have the new site at Qamuyuatalik. There were also discussions on building berms at the current site but it would not work. It is too close to the bay and the runway. It was a good suggestion but the water board would probably not approve it due to regulations. A third site was also reviewed but there was no gravel/sand, It would impact the wildlife. Councillor England-should work on the community development plan first then decided where we can build the new site. Councillor Ukutak -when the construction of the new site is completed, will there be funding available to maintain it. Brian Duguay-does not have the answers the expenses and costs. Councillor Aglukark Sr.-a motion was made in October 2008 to approve the new site. By January/February, he thought consultations would have been done. But now Brian Duguay is informing the Council that we are running out time. Councillor Savikataaq Sr. Suggested that a public meeting be arranged as we already made a decision on the site.

Motion #132/2009

Moved by: Councillor Price Seconded by: Councillor Caskey

-would like to ask the Council to send a request to the Department of Health to do an inquiry for Ecoli outbreak that happened a number of years ago.

RCMP – Sergeant Kim Nelenchuk and Constable Chet Carroll

Sergeant Nelenchuk introduced himself and will be here for a few months until a Corporal is stationed here. Councillor Aglukark Sr. mentioned that a letter to the Minister of Justice was written from the Hamlet council requesting for more police officers in Arviat. Sergeant Nelenchuk gave a brief report about staffing issues all across Canada not only in the north is a problem. Councillor Aglukark Sr.-people are frustrated with the service from the RCMP. Sergeant Nelenchuk will prepare a report of the Council's concerns and give it to head office. The detachment will be celebrating National Aboriginal Day on June 21, 2009 near the office giving out hot dogs and refreshments. They will also be taking part in the Canada Day parade. Mayor Leonard thanked them for attending the meeting.

7. Operational Matters and Reports. Senior Administrative Officer

-audit for 2008-2009 is done, reports will be sent to various government departments -the funding application to INAC has been sent

-all the proposals for Brighter Futures were also sent out

-the electric openers for the garages and fire hall were done and now we are waiting for an electrician to complete the work -we had the privilege to attend the award ceremony at the elementary school and see 18 students receive bicycles, the deputy mayor presented the principal with a certificate of appreciation for all his hard work with the breakfast program -will be re-advertising for the Council Clerk position and the Director of Community Works

-Met with Clive Alareak and Kukik Baker to discuss the summer camp program -the MMOS program-he contacted MTO to do more training for this program, MTO replied that they do not have the funding for this. There is funding available from CG & S of \$4,000.00 to assist the cost of getting Leo Caouette from HOPEC to train Laura Tassiuk and Joe Savikataaq Jr.

-the Maguse Road is open

-Discussed with the Mayor and a few Councillors about purchasing a rhino. The travel back and forth on the Maguse Road will be very hard on the equipment and pickup trucks.

-We have to start making plans for heating of the recreation centre. If we are unsuccessful with funds from the federal

Government. Next plan would be to get a specialist in to go through the system and rebuild what we need to ensure as good as service as we can get out it until money can be found.

- -We have gone out for a quote for the encapsulation of the Hamlet office floor. We need to send this off to C&GS as soon as get the quote back.
- -We received Mark Arualak's resignation
 -A package was sent to Kevin O'Brien
 regarding his properties, pictures and letter
 -we could be running into problems with
 the radio station building and need to have
 the radio society more responsible for the
 facility and the programming or it could
 become a legal problem
- -Staff issues-we are having problems with employees calling in and taking the day off without pay with very short notice. This is causing some very serious problems as we may not have enough people to provide the services. I would like to propose a leave policy of 3 days notice for leave without pay. We also have run into some problems were employees are taking too much time off. Employees must realize that they made a commitment to the Hamlet to work 5 days per week for 52 weeks a year less statutory holidays and earned holidays unless there was personal reasons such as health etc. The Hamlet also agreed to meet certain conditions within the union contract. I have a draft policy for the Council to review.
- -land application from the Northwest Company for lot 601-SK-312
